

U.S. DEPARTMENTS OF COMMERCE, STATE, AND ENERGY INVITE YOU TO BE PART OF U.S. NUCLEAR INDUSTRY PROMOTION AT THE INTERNATIONAL ATOMIC ENERGY AGENCY'S (IAEA'S) 52ND GENERAL CONFERENCE

Join the first-of-its-kind nuclear industry promotion at the IAEA's 52nd General Conference in Vienna, Austria this September to promote your products and services to senior decision makers from around the world.

A Unique Venue for U.S. Nuclear Firms

To ensure that U.S. commercial interests are advanced alongside U.S. nonproliferation and foreign policy objectives, the U.S. nuclear industry promotion at the IAEA is designed to generate new business opportunities for the U.S. nuclear industry.

Represent Your Firm at a U.S. Industry Reception, September 30, 6:00–8:00pm

Participating firms and senior U.S. government officials will co-host this event to highlight ongoing advances in the U.S. nuclear industry and to better position U.S. companies to capitalize on the global expansion of nuclear power. This Reception will be an excellent venue for senior U.S.

industry representatives to meet key energy policy decision makers from current and emerging markets worldwide.

Exhibit at the Conference, September 29–October 3

Situated in a prime location adjacent to the General Conference Hall, this exhibition will promote U.S. nuclear technology. Showcase your products, distribute company literature, and meet with prospective customers.

Participate in a U.S. Policy Maker Round Table Discussion

Gain insights on how to increase your global market share and how to take advantage of the U.S. Government's post-event assistance.
